Declaration in accordance with the EC Machinery Directive 2006/42/EC, Annex II 1. B, for partly completed machinery

The following essential requirements of the Machinery Directive 2006/42/EC have been fulfilled.

The relevant technical documentation is compiled in accordance with part B of Annex VII.

The partly completed machinery fulfils all relevant provisions of the following EU Directives or Regulations:

2006/42/EG	Directive of the European Parliament and of the Council of 17 May 2006 on machinery and amending Directive 95/16/EC (recast) (1)
2014/30/EU	Directive 2014/30/EU of the European Parliament and of the Council of 26 February 2014 on the harmonisation of the laws of the Member States relating to electromagnetic compatibility (recast)
2014/35/EU	Directive of the European Parliament and of the Council of 26 February 2014 on the harmonisation of the laws of the Member States relating to the making available on the market of electrical equipment designed for use within certain voltage limits

Reference to the harmonised standards used:

EN ISO 12100:2010	Safety of machinery - General principles for design - Risk assessment and risk reduction (ISO 12100:2010)
-------------------	---

The manufacturer or his authorised representative undertake to transmit, in response to a reasoned request by the national authorities, relevant information on the partly completed machinery. This transmission takes place by post. This does not affect the intellectual property rights.
Important note!

The partly completed machinery must not be put into service until the final machinery into which it is to be incorporated has been declared in conformity with the provisions of this Directive, where appropriate.
